RE: Correction to Alternative Proposal for Northern and Southern California Class 1 Price Hearing.

Dear Mr. Ikari,

There was an error in our proposal, some language that needs to be stricken from the current Margekting Plan for Northern California was omitted. The following language was needs to be included at the end of SubParagraph (A)(3) on page 5 “~~and then \$0.0031 per pound subtracted from the result~~”.

We appreciate your attention in this regard and appologies for any inconvinence.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Magneson". The signature is fluid and cursive, with a large initial "S" and a long, sweeping underline.
